

BAKERS COURTESY CLUB OF CHICAGO

Table Top 107

Known as the “Ask Me” Men and Women, The Baker’s Courtesy Club’s main purpose is to assist the American Society of Baking during its regular functions and particularly at the Society’s Annual Technical Conference as ushers during all regularly scheduled events and to assist the ASB staff in handling the registration desk as well as videotaping breakout sessions.

The Club is devoted to promoting camaraderie and friendship among baking industry suppliers through four annual functions: The pre-ASB Annual Technical Conference Planning Luncheon, the ASB Technical Conference, the Annual Golf Outing and the December Holiday Party.

Members are listed by product line to help facilitate contact and networking opportunities. To qualify for membership and to maintain membership status, it is a mandatory requirement to attend a least two of the above functions per year. Membership is limited to 100 individuals and is reviewed annually; there are no annual dues.
