

## COLBORNE FOODBOTICS

*Table Top 612*

Colborne Foodbotics' line of pie & cake production equipment covers the entire production process, from mixing to make-up to packaging. A full range of models are available to suit any volume requirement.

As the only food-focused supplier of Robotic Automation, we utilize our 130 plus years of experience in the food make-up business to supply sanitary, highly efficient Robotic Systems for the food industry. We also offer a variety of Robotic Packaging Systems to pick and pack products.
